1.0 Introduction and Intent

Educational achievement and subsequent life chances for looked after children and previously looked after children are of real concern locally and nationally. Children and young people who are looked after require powerful advocacy and positive discrimination in their favour in order to improve their situation. It is recognised that this does not disappear when leaving care.

The Greater Manchester Education Trust endeavours to provide positive experiences and offers stability, safety, continuity and individual care and attention for all our students. With this in mind, we aim to:

- encourage students to reach the highest standards of which they are capable and to make good progress from what they are currently already able to do;
- ensure that students enjoy high quality teaching and are enjoying a curriculum which meets their needs and the requirements of legislation;
- plan realistically and using the school's resources efficiently in order to ensure the school meets the needs of the children;
- promote a positive approach in all aspects of school life;
- help students develop their cultural, moral and social understanding.

2.0 Definitions

Under the Children Act 1989 a child is legally defined as 'LAC' by a local authority if they are:

- accommodated under a voluntary agreement with their parents
- the subjects of a care order (section 31) or interim care order
- the subjects of emergency orders for their protection
- compulsorily accommodated – this includes children remanded to the local authority or subject to a criminal justice supervision order with a residence requirement.

Previously LAC children are those who:

- are no longer LAC by a local authority in England and Wales (as defined by the Children Act 1989 or Part 6 of the Social Services and Well-being (Wales) Act 2014) because they are the subject of an adoption, special guardianship or child arrangements order; or
- were adopted from 'state care' outside England and Wales. 'State care' is care provided by a public authority, a religious organisation, or any other organisation whose sole or main purpose is to benefit society.

It is particularly important that previously LAC children are supported in order to promote lifelong resilience, progression and opportunity. A previously looked after

child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safeguarded
