## 1.0 Vision Statement

1.1 The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. According to the Equality Act 2010 a person has a disability if:

- (a) They have a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Under the Equality Act 2010 an Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body. At Levenshulme High School the Plan will be monitored by the head teacher and evaluated by the relevant Governors' committee.

1.2 At Levenshulme High School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

The Levenshulme High School Accessibility Plan has been developed and drawn up based upon consultations with pupils, parents, staff and governors of the school. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes. The intention is to provide a projected plan for a three year period ahead of the next review.

The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

The Levenshulme High School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan contains relevant and timely actions to:-

- Increase access to the curriculum for pupils with a disability,
- Improve and maintain access to the **physical environment** of the school,
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities;

1.3 Levenshulme High School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and

awareness within the school.

Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

**1.4** This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Behaviour Management Policy
- Teaching and Learning Policy
- Health & Safety Policy
- Equality Policy
- School Improvement Plan
- Special Educational Needs Policy and SEN Information report

**1.5** Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

## **2.0 Aims and Objectives**

Our Aims are to:

- Increase access to the curriculum for pupils with a disability,
- Improve and maintain access to the physical environment
- Improve the delivery of written information to pupils,

Our objectives are detailed in the Action Plan below.

## **3.0 Contextual info**

There are currently 64 students on the SEN register.

There are 3 members of staff registered as disabled

## **4.0 Current good practice**

We aim to ask about any disability or health condition in early communications with new parents and carers. For parents and carers of children already at the school, we collect information on disability on entry to the school.

## 4.1 Physical Environment

The School has in place full disabled access to all its facilities and has ensured that such access has been maintained in its ongoing development of additional teaching spaces. Full access is also in place to all external parts of the School's site. The School has similarly ensured that there are sufficient washroom facilities within its teaching areas designed specifically for disabled users.

As has been best practice in the past, the School will continue to take account of the needs of its students, staff and visitors with physical difficulties and other impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes

## 4.2 Curriculum

The School already offers a broad and balanced curriculum with a diverse range of additional opportunities that are appropriately differentiated so as to maximise student access and to encourage wider participation. The School will continue to review provision and seek input from students, parents/carers, relevant specialist advisers and appropriate health professionals on a regular basis.

## 4.3 Information

Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is planned, with a range of different formats available for disabled pupils, parents and staff.

## 5.0 Access Audit

5.1 The school consists of three two and three storey buildings, all of which have wide corridors and several access points from outside. The main Hall is on the first floor and is accessible via one of two lifts. There are 5 lifts in total which can accommodate a large wheelchair which are maintained on a regular basis through a service agreement with Kone. Access to the lifts is restricted and the appropriate staff and students are trained in the operation of the lift when relevant.

5.2 On-site car parking for staff and visitor includes six dedicated disabled parking bays. Each building has a ramped or flat entrance way and all entrances to the school have wide doors fitted. The main entrance features a secure lobby and has been fitted with a low reception counter, this being fully accessible to wheelchair users. There are a number of disabled and accessible toilet facilities available. All these are fitted with a handrail and a pull emergency cord.

The school has internal emergency signage and escape routes are clearly marked. In the event of an emergency evacuation there are refuge areas for wheelchair users. Fire warden training in respect of emergency evacuation of people with limited mobility is completed on a regular basis.

## 6.0 Management, coordination and implementation

- We will consult with experts when new situations regarding pupils with disabilities are experienced.

## 7.0 Accessibility Plan

### Aim 1: To increase the extent to which disabled pupils can participate in the school curriculum.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability.
