

Welcome to National Apprenticeship Week 2021 from 8th – 14th February

The theme for this year is “Build the Future”.

National Apprenticeships week provides a fantastic opportunity to help students to think about their future careers and to raise awareness of the different options available after school, including apprenticeships. We have put together this useful Apprenticeships activity week pack with different videos and information for all our students. We hope you enjoy it!

Click on the daily windows of opportunity to learn more about apprenticeships!

Motivational Monday

Apprenticeships are amazing! with nearly 600 different apprenticeships standards available, covering thousands of job roles, there is a lot to discover! These motivational Monday activities will help you to explore the wide range of apprenticeships and find out about some of the different job roles that they could lead to.

Before we start let’s take a look at what apprenticeships actually are.

An apprenticeship is a program that trains a worker to become skilled in a particular trade. Apprenticeships combine hands-on work with classroom learning to train the apprentice. Apprenticeships are considered full-time employment. As the apprentice is learning, they are also applying the lessons through working
